English Précis Test-1

15/5/23

Money is not Everything

For learned men, money cannot be the purpose of life. They want to make money but satisfaction is more important to them. For example, a good soldier fights to win the battle. The preacher's main aim is to fulfill his religious obligations. Similarly, a good doctor ~~with~~ wishes to cure his patients. Hence, the brave men prioritize their work over materialistic things, although they get paid for their services.
