Man is pitiable. Surrounded by mistakes, sins, slips, self-deception and self-inflicted trials, this weak person is afraid to see his own image in the mirror of his soul. These various hobbies and pursuits that he pursues are justifications for escaping from himself. He does not have the courage to look into the past and if he ever gets a few moments, he wants to turn only those pages of the past in which he can be satisfied that he was always perfect. But he does not want to spoil his situation by remembering how many secrets are hidden

in his achievements. A person
has to be satisfied in all
circumstances, who saw yesterday
while the viewer is still
seeing his "pitiful" today.
