

If the world does not pull you towards itself, if tears ~~come~~ in your eyes with the fear of Allah, if the visual of hell evokes fear in you, if you worship Allah as it should be done, and if virtue attracts you towards itself and your feet stop from treading on the path of evil, then you are upright. Some are upright, and some become upright. To be upright is of good fortune. Becoming upright is an act of continuous tazkiya and struggle. It takes time. One has to bear difficulties.
