Batch 39

Translation:

If the world does not captivate you, if your eyes get teary due to God's fear, if imagining hell frightens you, if you worship God the way you are entitled to, if virtue allures you towards itself, and your feet stop on the way of sin, then you are pious. Some are pious, few become pious. Being pious is a fortunate thing. To become pious is a process of consistent sanctification and endeavors.
