## English Precis Test -1

Name : Druba Ahmad Batch : 39

Making money is never the chief objective of life of a well-educated gentleman. Brave people perform their duty, not to get money but because they love it. For instance, a good soldier fights, not because he is paid but because he loves to win battles. Similarly, the main reason for a good doctor is to do treatment of the patient, rather than the fee. Money comes to professionals as a reward for their good <sup>devoted</sup> work.

Title : Great People don't emphasise <sup>on</sup> money.
