# English Précis Test - 1

Name: Fatima Tariq

Batch: OB40

Campus: Online

It is impossible for a well educated, intellectual, or brave man to make money the main object of his thoughts. All healthy minded people love making money, they admire the perception of winning it but money is not the main object of their lives. Rather they focus on doing their job well. All the civilized people like to get paid for their services but if they are well-informed they will lose their salaries and put their job first.
