Razia Rasool.

Batch 51

Translation

If the world does not attract you, If God's
fear weets your eyes, If imagination of the
hereafter/hell creates fear within you. If you
worship as it should be done, If the virtue
attracts you and stops/restrains you from evil
then you are righteous. Some are born and
some are created virtuous. Being righteous
is constant phase of self surveillance and
agreement. It takes time and one faces
hardships too.
