## TRANSLATION

If you are not attracted by the world, if your eyes are filled with tears by the fear of God, if the vision of hell conjures God's fear in you, if you pray to God like you ought to, if piety attracts you towards itself, and if your feet are restrained from going towards evil then you are a pious person. Some are already pious and some become pious. Being pious is a blessing. Becoming pious is a thoughtful and practical process. It takes time and many hardships are to be faced.
