

If world does not pull you toward itself,
If fear of God bring tears in your
eyes, If thought of hell bring fear in
you, If you worship God the way it must
be done, If a good deed attract you towards
it and you abstain yourself from a bad deed
then you are a pure soul. Some are pure
soul, some become pure soul. It is a
good fortune to be a pure soul. It is a
process of edification and strenuous efforts
to become a pure soul. It takes time
and difficulties are to be faced.
