Text (2)

If world does not drag you towards itself, if fear of Allah makes you cry, if the conception of hell invokes fear of Allah on you, if you worship as it should be done, if good deeds attract you and stops you from the path of wrong doing then, you are a virtuous person. Some are virtuous by birth, some takes the path of it. Being virtuous is the matter of luck. The path of righteousness is the continuous struggle which demands sufferings and takes time.
