Examination Hall,
City A.B.C.,
May 03, 2023.

The Superintendent of Police,
Lahore.

Sir,

I want to
bring your kind attention
to the matter of increased

theft in all the major
ATMs of the city. I,
myself, have been a
victim of this crime
for once. I lost my
cash of Rs 30,000/- which
I withdrawn from the
ATM near my house.

Every other day, a new
case is reported, but the
action against such criminals
is still missing. This has
become a source
of misery for all the
residents of the city.

We, the residents
of this city, request
you to take a
prompt action and crack
down on these thieves.
We hope to get this issue
resolved.

We thank you in
advance.

Yours truly,

X. Y. Z.

Q. no. 2. (d) Empowerment through skills is crucial to education and society.

Knowledge is Power, but knowledge combined with skills is the true power in modern day society.

It The skills plays very critical role in advancement of a nation. First of all, it gives a chance of social mobility and recognition to its possessor.

A skilled person has more opportunities to earn and become self-

-dependent. Similarly, skilled labour and human resource is very crucial for economy of a country in general and the industry in particular. The skilled human resource has higher productivity and it generates more value-added products which are a good source of domestic earning as well foreign reserves for a country.

For example, lack of skilled and productive labour is pointed out to ~~be~~ be the biggest structural problem in the economy of Pakistan. All the developing countries including Pakistan can benefit by empowering their human resource with skills. The countries like China, Japan and USA United States of America have excelled towards

Success by empowering their population with technical and vocational skills. Further, the advancement of civilization depends on skills of its population. The skilled and advanced nations have better buildings, (✗) road networks and overall quality of life. The Sydney Opera house of Australia is an example. Therefore, a society needs to empower its inhabitants through skills. Such policies which focus on vocational and other technical skills are needed. In this way, the foundation for a truly educated and empowered society could be laid.
