Translation:

If the worldly glammers do not attract you towards itself, if there comes tears in your eyes due to fear of Allah, if thinking of hell frightens you of Almighty's wrath, if you offer your prayers, the way it should be, if doing virtuous deeds makes you feel good, and it hinders you of doing bad deeds, then you are an upright person. Some people tend to be upright by birth, yet some people put efforts to become one. Being an upright person is a fortunate thing. Being upright means to continuously evaluate oneself and struggle for betterment, though it takes time and some huge pain in it.
