Translation

Man is ruthless, surrounded by incapacibilities, mistakes, sin,

self deception. This helpless person is affixed to face his reality. Different hobbies

and pursuits created by men are just the justifications to

escape from himself. He does not have courage to look

into past and if he get it then he just prefer

to turn those aspects of life / as past in which

his ego is satisfied that he was always perfect.

But he does not spoil his present to see his regrets that are hidden in past.

A person has to be happy in all circumstances, without remembering his past. While the viewer is still seeing

his pitiful today.

Try not to lose the original tone of the passage

Attempt in idiomatic and proverbial manner
