Title: Money and Passion

Precis: It is not possible for a very well educated, brave and intellectual person to make money - one of the most important thing in one's life-like a piece of cake. Money is not the only objective of life being a professional person. All we need to do is what makes us happy and benefits others. Along with earning money, do, for rightly trained and brave men his duties and passion always comes first followed by money.

Replace with a single word

Avoid this expression

You need to work on sentence structure

Cannot use we in preci  
Idea is. Not clear

words = 75

Suggested titles for yesterday's preci  
"Money is not the End"  
"Profession as a priority over money"

Suggestions for improvements:  
Do not make complex compound sentences  
Begin and end precis with a precise sentence  
Avoid enlisting  
Do not explain all three examples concretely rather give an essence
