Indent the paragraph.

It is unthinkable for a ~~same~~ man to make money the primary objective of his life. He enjoys dinner but his life ~~does not~~ ^{does not} revolve around it. His objective is superior to ~~may~~ money. A warrior likes to get paid but loves winning more. Similarly, a clergyman's objective is ^{and} to preach & christen not getting paid for preaching. Likewise, ^{and} doctors, despite loving money, prioritize saving a life than earning it. ~~Money~~ So, money is important but secondary to work.
