nourishing etc. It is another consideration regarding Women's elimination in the social domain.

Therefore, Women are losing their social status not only internally but as well as apparently.

Male dominance is another factor to marginalize women.

In patriarchal society, women always considered as the second most entity. The absence of women in economic class or consideration of men only as a leader in the domestic life as well is the refined example of male dominance. As a result, women are looking completely ignored socially.
