

QUESTION OR

"Prerequisite of a Good General"

Physical health, morality and courage are the main pillars of a good military officer. These factors are the major key component of survival in the dark days of military. Health is the secondary factor. A strong determination is required to do anything. The determination can also survive in a weak body. Marlborough show the example of great determination. The energy of determination is not link with the age. Someone do their best at old age. In the others do their best at early age. Age is not the factor to judge the working of a military officer. Yes, it is a fact that the young officers beat the old ones, due if he has the capacity to do more. A mature mind set up is requisite to become a good general.

Are the essential qualities required in a Military commander to be ahead always?
