TOPIC: Women remain on the losing side in professional life

Outline?

1. Introduction

As the complete definition gives whole meaning, how could we analyze one thing to its single side. Same is the case with this statement "Women remain on the losing side in professional life." But the question is that,

sentence structure

3rd person

Expression

Incoherent what is one side of the statement?

Incoherent, that makes no sense.

(Do) women remain on the losing side in professional life.

There are several spheres such as cultural, economic, and social where women stand side by side men in professional life.

Just because you want to choose an opposing stance does not mean you can invalidate the topic like you did at the beginning

Except that, rejecting the deserving place of women's state in professional domain is the dark aspect of women's state.

It is very unclear what your actual stance is. Also language is very dramatic not suitable unless you are trying an attention grabber, even then the tone needs to be appropriate

? Introduction is a single cohesive paragraph

The limitation of our society bounds women to remain on the losing side in professional life. But the appearance and or acceptance of women in social, cultural and economic activities proves their standpoint. Nonetheless, the elimination of women in executive field set them back.

Do not limit the topic to Pakistan only

Again incoherent. Your stance is unclear

outline:- Introduction is part of outline not outside of it. Also only mention the heading in the not the detailed intro

nourishing etc. It is another consideration regarding women's elimination in the social domain.

Therefore, women are losing their social status not only internally but as well as apparently.

Male dominance is another factor to marginalize women.

In patriarchal society, women are always considered as the second most entity. The absence of women in economic class or consideration of men only as a leader in the domestic life as well is the refined example of male dominance. As a result, women are looking completely ignored socially.
