## India: The Country of Beggars

India has become country of beggars. There are hundreds of beggars in the country. The condition of these beggars is affecting the society. The main cause of increasing beggars is Indians' faith on next life. Some beggars are professional by nature. They are begging in search of food. Some are deliberately begging and these types of beggars can be seen in every cities and villages of the country. The innocent people are afraid of their curse and giving them more than they require. Even some beggars are richer than their clients. As per educated Indians, beggary and unemployment produces unlimited beggars in India. This problem can be solved with introduction of new laws on growth of beggars. These laws should introduce a holy cities at once. A president should aware of how to eliminate the evilness of beggary.
