## Translation:

The core responsibility of a student is love for book and teachers. which enlighten him through the bleak paths of life. In this responsibility there is need of continuity and consistency. He has to separate external activities which impose negative impacts on his academia otherwise the danger is that his character-building will remain be incomplete. The time that was to be spent on his getting education will be utilised in useless political activities. Our country needs more scholars and researchers than politicians who, at the same time, are well known. Western, ~~western~~ and eastern education along with social and religious education. Indeed, these people will be born when politics does not interfere in academic activities. It is usually said that our educational system standard is lower than western one. At some point, it is the result of our economic constraints. It is true at some extent that our

2  
teachers unable to instill interests  
of education to candidates. However  
myriad part of responsibility  
should ~~be~~ on students themselves.
