6- Conclusion:

Attention Grabber?

Only a healthy population can be an asset of a country. Country's development depends on the healthy and effective population. It increases productivity of the country that leads to economic growth and the country moves in the direction of stability. Healthy population have intelligent minds to develop technological work or technologies. They doing business and creates the more jobs opportunities to eliminate the factor of unemployment.

"It is health that is the real wealth And not pieces of gold and wealth!"

Healthy population provides more intelligent brains that provides the skills to make the technology. If we go in the past, computers were developed for the ease of people as healthy population with the passes of time technology the Artificial Intelligence. The healthy population with brilliant mind it is not possible at all.

Healthy populations leads to increase the productivity. Healthy people do their work more efficiently. If there are sick people they don't able to work.

properly. The makeup of any population can influence the supply of labour and its productivity. Resilience is an asset that helps individuals and communities to prepare and anticipate potential future threats or seize opportunities to protect and promote their health and wellbeing.

These are not the only aspects of population

Healthy population becomes human capital and accelerates the economic growth they produce. Job opportunities it removes the employment factor, they improve the education system. It removes the factor of illiteracy. They take part in industrialization that leads to economy boost. So the healthy population leads to economic growth.

"Healthy population provides the opportunity to grow as a nation"

Quotes should be written in plain language of evidence

Healthy, Educated people have the ability to grow. Cop up the challenges of the country goes on. Only people who are educated and intelligent minds lead the country in a white right direction without healthy population. It is not possible at all. Educated and Fresh minds are the leaders of the country.

Essay is academic writing
which means its primary
feature is its structure
if it is not structured
it is not an essay.

Over population leads to unemployment
and many other problems. when the people
are educated and if the people were healthy
over population is reduced. when
over population is reduced, unemployment
will decrease and country's economic
growth is flourish.

"Overpopulation in various countries
has become a serious threat to the
health of people and a grave obstacle
to any attempt to organise peace on
this planet"
"Einstein"
