Is to acquire knowledge

A student's duty is acquire knowledge from books and teachers. One who can enlighten the dark path of life. Continuity and persistence is necessary to perform your duty. Every external effect which is opposite to it must be kept away from it. Otherwise, it is risk is present that student will not completely acquire education and ~~will not have their time for education.~~

Attempt in idiomatic and proverbial manner

which will be spent in political activities. Our country need scholars and teacher rather than political worker which will provide eastern, western, religious and world related knowledge to produce these 2 kind of people. In educational activities politician should not interfere. It's said that in western world comparison our education system is weak due to our external condition. And it is disingenuous to say that mostly our teacher / scholars are unable to create interest of students to acquire knowledge but also ~~its~~ responsibility is student's as well.
