

Key Indicators of Governance

Governance:

According to World Bank, "Governance means the methods through which power is exercised in the management of a country's social, political and economic resources for development."

Characteristics of Good Governance:

1) Participation :-

It means the involvement of people in governance to give their feedback, response over policies. It reflects the democratic system. It can be done differently in other countries.

In Pakistan, people's representation is done by Parliament.

There are two methods which can be used for the public participation in governance:

1- Direct :

Where people are directly involved in any issue of a country e.g. through referendum.

2- Indirect :

Where people represent someone on behalf of them to participate. In democratic countries the indirect methods are used.

2) Rule of Law :-

The rule of law is maintained by the effectiveness of legal system. The Rule of Law includes independence of Human Rights, Judiciary with independence of Justice, order and protection of individual rights, abidance to justice, individual rights ensures accountability, equality, transparency, social justice etc.

Pakistan rank 120th out of 128 in rule of law index.

- General Instructions

 8. Change colour scheme for references to give them more visibility.
 9. Manage time well.
 10. Wide page borders are discouraged. Should be reasonable.

3. Transparency:

Good governance is based on transparency and control of corruption in decision making process
Pakistan rank 124th out of 180 countries in perception index by Transparency international.

Transparency promote positive impacts on the economic facilities and political processes.
It is an integral part of democratic nations and it help to build trust in the legal system.

4. Efficiency:

It is the ability of the government to effectively deliver public services will less waste of resources, time and effort.
It regulate the quality of performance in various processes.
It contributes to the overall society of Streamlined processes, effective resource Allocation, use of technology (E-governance), capacity building.

5. Accountability:

Accountability is an important component of good governance. It ensures the actions and decisions taken by public officials to make sure that government objectives, policies are benefiting the common people
Justice delayed is justice denied."

6. Responsiveness:

Government should always serve the needs of its community in a responsible manner. The performance of various institutions depend upon the their response to the request and needs of its citizen.
To ensure leadership, responsiveness is essential.

→ Effective governance policies :

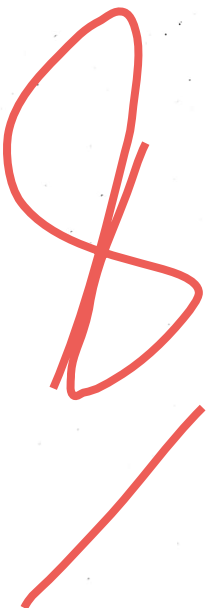

Comprehensive efforts are needed to address the key indicators and ensure effective governance in Pakistan.

- Strengthening legal framework
- Enhancing judicial independence
- Anti-corruption measures
- Implementing freedom of information laws
- Promoting political stability
- Enhancing civil services capacity
- Performance based budget
- Election integrity
