~~Beggars; an Emerging~~ Begging in India: a social
conundrum
~~Problem in India~~

India has been facing the problem of increasing number of beggars. Even this bulge of beggars is affecting the image of country in front of world. Though the number of beggars, which Prevailed in overall the country, is unknown, but, in order to overcome this problem, the reasons of growth of beggars has been studied. The major reason is that in India, religious values which people follow, which in return will be benefited to them in next life. Secondly, the begging is considered to be a hereditary, thus becomes a responsibility to follow by generations. In third, people fear from the curse of the beggars and they give whatever they demand of beggar, who is even more financially stable than that of a man. Further, poverty, unemployment, and population growth are considered to be another reasons of the rise of number of beggars. However, it is imperative that more of the action, which is in favor of able-bodied

beggar not considered good. Thus, to change the mindset of people and to reduce the number of beggars from the country it is important to take actions such as educate the masses, it will be helpful to decrease the number of beggars from the country. Not only this, state should take effective measures in specific areas of beggars where they found mostly and make strict laws for the prohibition of begging. Hence, these measures should help to combat the root of beggars from India.
