Democratized Integrity
posed by misinformation

Precie :

Approximately, four billion people casted votes this year. However, there's a threat to democracy imposed by misinformation. There is a worry about AI-generated deepfakes, anti democratic agents. For example, In Spain, last year, July foreign actors imitated the Regional Government of Madrid's website before elections. Several ways to protect public from this mechanism exists but, it should address three issues, recognition of problem, acceptance, and assurance, including
