The Essay

During past ages, Newspaper and Radio were the only source of media. But now mass media is provided with various platforms for spreading bad content, in a bad way. The same ^{media} was the source of ethical content has now spreading immorality.

There are several ways through which mass media spreads immorality.

These are dramas, movies, digital platforms, cartoons, jokes and stage shows.

This essay discussed the wrong behaviour of mass media through the above given platforms. Also, how these platforms are ruining the generations.
