debates, yellow journalism and inapposite gavoritism are the driving factors, that deterorate he very joundations of democracy. To begin with media's eggost reporting of certain incidents across the country. Both e-medla and print media gre ype to the incidents

that generate energy rassive ratings or or for are their personal parameter Biased protection of Media did not bother to cover the human rights violations in KP and Baluchistan before sit ins. The biased behavious of media outlets towards heart when ching issues disveedited and disrespected the hardly earned little morale of democracy in the eyes of people. The coverage given to such incidents in daily rupping series de la lacquemes mas heedlessly blamed democrate appropriate words for the ongoing sampaint human violations.

Furthermore, the blased media also keeps lending their support unwaveringly to the flawed governmental policies. Medic themsels spun such policies positively which do not serve any purpose. During 2023 Pakistan floods government did not take et Accepte measures. The responsibility of the media was to highlight that issue, so that pressure could be exected as the precimient to take effective measures and devise relevant policies But just to be in good books of government biased media downplayed the megligence of government. Such megligence can read to the erosion of democracy. Similarly, the biased media also systematically suppresses the voices of opponents and critical thinkers. Different modes of medical cover wandering accounts of extra-judicial killings, toxture and engorced disappearences. By unfortanately,

biased the maln chann els 07 the rnectica do not bother to the accomodate extra constitutional common practices on daily basis set of articles or Likewise a which are carroal Fn speeches incumbent government of either There yore, on opporents censor. and spen censon gree on PHOUR PASOS threat democracy. accountability Moreover, relective media also erodes blased 09 undations.
