Essay

How Mass Media spreads Immorality?

Introductions

Malcolm X once stated that ~~the~~ "The media is the most powerful entity on Earth. They have the power to

to make the innocent guilty and to make guilty the innocent, and that's power because they control the minds of the masses. The media is most lethal entity in today's world as it can manipulate the mind of a layman and as well as intellectuals. Media have immense influence among the people and internationally among countries. Mass media because of their influence are promoting immorality and people are adhering to it as correct thing to do or practice. Mass media executes through television, social media, print media and internet which all is accessible to billions of people in the world and most importantly the influence of western media promoting immorality in Pakistan among the youth and Pakistani citizens in general. This has been manipulating and modifying social and ethical norms of the country.
