THE ESSAY

Introduction:

It is the history of a state where A politician had been socially abused by blackmailing. A vidio which was Ai generated and it was nacked vidio of a politican and his wife. which was sent to her wife and daughter and made a shambolic status of their family just because to left the seat. And after that it was verified that vidio is fake. And There is also an incident where the nacked photos of a female politican were thrown off the helicopter. And media printed it. Where the mass media is promoting the morality. There it is also spreading the immorality. In this essay it will be discuss that how Mass media is spreading immorality. The first section of essay will discuss the news paper's role that, how it is spreading immorality. The second Section of the essay will encounter the role of television in spreading immoraldy. The third section of the essay will discourse the role of social media in spreading immorality very rapidly. A last but not the least, the basic and undeniable tool of the above domains will discuss that how internet and Artificial technology is spreading the immorality in different prespective. Hence the m misuse of Mass media is responsible for spreading immorality.
