Schengen Visa : Rejection of Pakistani Applicants

The rejection of Pakistani citizens visas by Schengen countries is similar to a host rejecting a guest because of improper ironing of clothes. Schengen visa application looks like someone putting his ambitions in front of entire world but getting no response. Statements like incomplete documents, fraudulent bank records, and wrong intentions gives the impression of a teacher who intentionally fails a student without reading her exam. Contrarily, when a westerner visits Pakistan, he is welcomed by Pakistanis whole heartedly and is allowed to criticize the country as well. Schengen countries believe Pakistani nationals disrupt the social harmony of Europe. These countries need to respect Pakistani nationals as human beings.

Once an African thinker said that when Englishmen came to Africa they had plenty of innovations where we had land. They claimed they came here to uplift us. We ignored them. And when we woke up from slumber they had our land we had their innovations. In the similar fashion, when social network science grew, they had Facebook and WhatsApp. They said it's free for all. We again ignored them and when we came back to reality, we had Facebook and WhatsApp and they had our freedom. Hence, ~~wherever~~ whenever something is free we had to pay the cost of that thing by letting go our freedom.
