Title: Small-Scale Corruption incites  
0 gigantic problems

A minor and negligible corrupt acts /  
normalize the culture of corruption,  
as it rid out the foundation of  
trust and fairness in society. ~~It~~

These smaller ~~a~~ corrupt actions and  
violations lead toward a systematic  
corruption where everyone assumes  
that violation of rules is a normal  
thing. Even a small-scale corruption

5 inhibits the societal progress  
and development. As an unqualified  
and incompetent person acquires  
an important position whether in  
government machinery, industry or any  
other place, it deteriorates ~~the~~ overall  
progress and development. Further, it  
badly impacts the social fabric  
of a society because it feeds  
inequality, hopelessness and distrust  
among ~~the~~ a common citizens. These  
small scale corruption trigger

Date: \_\_\_\_\_

greater issues in political, economic and social landscape. ~~Therefore~~,

In order to make the world more just and equitable, place & action must be taken against the minor and small scale corruption because the bigger would be corrected themselves.

Q What's the primary reasons why people fail to keep their new year resolution?

1 Ans: People often fail to keep their new year resolution, such as losing weight, changing habits and learning something new because their ineffective approach toward their goal. It is based on impulsive desire, societal pressure. ~~Therefore~~ Therefore, it is easy to abandon when it get tough.

Q2 why do resolutions tend to be ineffective even though people are highly motivated at the start of the year?

0 Ans: Despite the sheer motivation at the start of ~~the~~ the year, ~~the~~ the new year resolution often ineffective. As ~~there are~~ the goals are not aligned with their capability, and there exist disconnection between the reality and goal, ~~and~~ further, the absence of long-term commitment make the new year resolution futile.

Q3 what ~~are~~ psychological factors keeps people making new year resolutions year after year despite knowing they may fail?

Date: \_\_\_\_\_

Ans:- Despite knowing the fact, People keep making new year resolutions is due to the psychological factor. ~~People~~ As people desire for renewal, so the

1 start of new year is an opportunity to fulfill the desire. ~~A~~ ~~A~~ furthermore, the feeling of new beginning fuels their hope for the betterment.

Q4 what is a more effective approach to achieving lasting change instead of making new year resolutions?

Answer: In order to not fall in a psychological trap, people need to make an effective approach, ~~step~~ rather than to make a new year resolutions.

0 The approaches need to include a lasting change, ~~from change~~ from a symbolic to a practical steps, well defined goals and the goal alignment with some achievable steps.
