

QUESTION: 01

TOPIC:

2

The Consequences of Minor Corruption On Society:

6

Majority do not understand the impacts of their minor acts of corruption which seems insignificant alone. The continuous cycle of corruption becomes normalized in society, vanishing trust and merit. Initially, these acts appears insignificant, but they have prolong consequences. Despite damaging values, the consequences of corruption includes restricted advancements, diverted resources, risen in demerit, affecting each aspect of society. Moreover it enhances inequality by creating sense of deprivation in upright person, further destroying social system. Corrupt societies become radicalized due to lack of justice leading to disturbance in overall political social and economic growth. Thus the only way to build equitable society is to create integrity, which is not only about gestures, it's about accountability of even small acts as they shapes a society.

QUESTION NO: 02

READING COMPREHENSION

Q:1

ANSWER:

1

The primary reason of failure of people in keeping their new year resolution is, method adopted by them to reach the goal. The in appropriate way lead them to quit when challenges arise. Thus, the major cause of unsuccessful new year resolution is the way through which the goal is tried to achieved.

Q:2

Answer

Resolutions tend to be ineffective even though people are highly motivated at the start of the year because initially people are enthusiastic to achieve the goal but later they become lazy as the way they adopt to achieve the goal is not clear. Moreover the resolutions they make are based on

1

Date _____

idealistic approach. Resolutions are based on wishes and societal pressure rather than realistic approaches. Thus people, despite being motivated at the start do not keep the resolutions, making it ineffective.

Q3

) Answer:

3 The Psychological factor that keeps people making New Year resolution year after year despite knowing they may fail is the human wish for change. The wish of new change makes the people optimistic about the future. A new start serves as a meaningful opportunity for the people. Conclusively, the desire of new start is a psychological factor that makes a person able to make New Year resolution.

Q:4

Answer

The more effective approach to achieve lasting change, one should make realistic and achievable goals rather than impractical goals. A person should set clear goal based on

moral standards. Thus the only way to get long lasting change is to set clear and achievable goals.
