

Answer TO Question 2

8/20

Critically evaluate the chances of continuation and expansion of Hamas-Israel war across the region.

Introduction

The chances of continuation and expansion of Hamas-Israel war are higher due to many reasons. Despite the international pressure and court rulings government of Israel does not stop the war and expanding it in many ways. The Hamas-Israel conflict have the capacity to escalate into a regional war.

incomplete intro

Why the chances are high of the Hamas-Israel war into a regional war

1- Expansionist Policies of the government of Israel

The government of Israel is committing the war crimes in Gaza front of whole world.

Zionist regime have this expansionist mind set to expand their territories, with the help of west specially US.

Trump says: "Israel is too small, we should make it bigger."

This was the statement of newly elected President of US which reflect the expansionist mind set of the Powers whom are backing and supporting Israel militarily and financially. That approach shows that war is not going to

end early.

2- Government of Israel rejects the ceasefire proposals and ignore ICJ ruling

Government of Israel does not accept any ceasefire proposal presented by different states.

They did not even bother to the arrest warrant issued against Netanyahu by the International Criminal Court of Justice, (ICC).

Even some of the western allies of Israel try to convince them and put pressure.

France's Prime Minister tries to cut the arm supply to Israel for which he was criticized severely.

The government of Israel want to expand the war.

Killing of leadership of Hamas, Hezbollah sign of escalation

In that critical situation government of Israel killed the leadership of Hamas and other rebels attached to it. They gave this impression that we won't stop easily that indicate the escalation is going to happen.

Fall of Assad's regime impression of civil war in Iran

Assad's regime backed by Iran and Russia fall due to civil disturbance.

DM Netanyahu: mostly interact with the people of Iran which indicate the war is not going to stop until the fall of Iran's regime.

Fall of Assad's regime is considered to be the victory of Israel because the regime was backed by Iran. Fall of that regime also consider a blow to Russia because Russia's presence in Middle East is going to end.

Control of Middle East and world's great powers

The states to whom all backing the proxies and Israel have their own interests in the conflict.

Their expansionist mind set and maintaining hegemony on the world which shows the conflict & could escalate.

Conclusion.

So, considering all the factors which clearly shows that the Hamas-Israel war is not going to end soon. It could convert into a regional war.
