Dated: Introduction were freedliver level were welled China's ascent as a global hegemon in the 21st century marks one of the most significant N geopolifical transformations of our time. Its imprecedented rise is attributed to both its political 1 system and its economic provess. The centralized V one-party governance model has provided. political stability and enabled long-term strategic planning, while its rapidly growing economy 666 has established China as a global economic powerhouse. This duality has allowed China to exert influence across political, economic, and N technological domains. The debate over whether 1 its political system or its economy played a N mater ree in this rise is complex, as both. returs and deeply interconnected. Exploring -> reis contributions offers valuable insights "into e dynamic of China's global dominance. -3 Mag and us in sub- due to 20170 is publical in the 67

Dated: Q.NO.6 Discuss with arguments the balance of power between Executive, Legislature and Judiciary prior and post 26th amendment. (20) 1. Introduction 2. Balance of Power Prior to the 26th Amendment Executive: Dominance of the originities back in decision-makin <u>.</u> 3 · Dominance of the executive branch in decision-making and policy implementation Limited checks on accutive authority by the legislature and judiciary.
Legislature:
Opten overshadowed by the executive in practical terms.
Limited autonomy due to political alignments and party dominance. · Judiciary: Relatively independent but constrained in its capacity to challenge executive and legislative actions. Focus on adjudication rather than active checks on other branches. Key Changes Introduced by the 26th Amendment Enhancements to judicial independence and authority. З.

Dated: Rebalancing of powers to limit executive dominance. Strengthening of legislative oversight functions. Balance of Power Post 26th Amendment 4. Executive: <u>Reduced scope for unilateral recision-making</u>... <u>Subject to greater accountability to the legislature</u> 5 and judiciary. 5 Legislature: Enhanced role in oversignt and law-making. Greater independent From executive control. Y) V) Judiciary: Expanded powers of judicial review. Increased ability to act of a check on executive and legislative excesses. -37 S) 3 3 Arguments on the Rebalancing of Power S. 3 <u>Strengthened Democracy:</u> Ensures accountability and prevents abuse of Y V power. Potential for Gridlock: Greater checks and becances may slow down • decision-making plocesses. Empowered Judiciary: Judiciary as me ultimate arbiter, but risks • of judicial overseach.
