Q#2

Precis

The future of oratory is vague. It is facing challenges as people are using it just symbolically in language. While, ancient ~~great~~ orators worked hard for excellence in oratory. Their work can withstand criticism of that time and future. Today, oratory is neglected because of the rising significance of written content. Therefore, more focus is on broadcasting and speaking in councils, committee and meetings. Sir Winston Churchill survived in the history of oratory because of coherence of his words and ideas with language. Being among the greatest English orators, he proved himself on national and international level for fifty years. The struggle is exhibited through his volumes

of speeches. Many speeches are living example of oratory for our history and the world. They are also memory of the greatest personality of that time.

Title: Winston Churchill: Great Orator

Total words: 420

Words in Summary: 135
