Pakistan's reserves are declined at 4bn dollar. This is also a big security concerns.

### 3 Suggestions to revisit Pakistan's foreign policy

Pakistan must improve its relations with neighbour countries and it should try to increase trade volume with ~~both~~ Iran, Afghanistan, China and India.

Pakistan must show balance in the relationship with both US and China. Because both countries are important for Pakistan.

Pakistan must lead the world related to climate change by moving towards environment friendly development growth.

Pakistan must improve its soft

\_ \_ / \_ / \_ 30

power such as education, culture  
~~and~~ exchange programs with all  
the developed and developing  
countries.

Pakistan must ensure the world  
regarding its steps to eradicate  
terrorism and violence in  
the region.

Pakistan must show its clear  
and ~~the~~ wide message to  
India regarding its stand on  
Kashmir issue.

Pakistan must improve its  
relations with Islamic countries  
and European countries to  
improve its positive image in  
the world.

Pakistan must promote tourism  
so that its positive image can

— 1 — 1 — 05

be improved and may become  
a hotspots of foreign direct  
investment.

## 4 Conclusion:

Pakistan is facing serious security  
concerns. However by adopting  
the above measure, Pakistan  
can improve its foreign policy  
and can make progress in  
the world.

## ANSWER QUESTION NO: 7

### 1 Introduction.

Public institutions are considered  
failed when they become unable  
to provide solutions to economic,  
social and political problems.

Failed economic institutions  
become a cause of economic  
failure and political instability.

Failed public institutions shows  
the bad governance of <sup>a country.</sup> Pakistan.

— 1 — 1 — 20

However, by adopting following measures, institutions can perform well in the country.

## 2 Failed Public Institutions.

Public institutions played an important role to become a successful or failed state.

Public institutions are considered failed institutions if they do not give relief to a common.

Judiciary, executive, legislature are three pillars of a state.

Their success is judge on the base of social, economic, and political situation of a country and its people.

## 3 Why public institutions are unable to correct the problems of the people of a country.

The following points shows that why failed public institutions are unable to correct the problems

of the people of the country.

iv)

i) Corruption:

Corruption is an evil of society. It does not allow a country to improve its economic and moral values.

ii) Delayed in justice.

When people are unable to get justice from state then people try to violate the law which is considered a big failure of judiciary and other institutions.

iii) Poverty:

Poverty is an index which shows that how a state and public institution are working to improve the economic conditions of its people. Those countries which have high poverty rate are considered as failed states such as Afghanistan, Venezuela etc.

## iv) Violation of Human Rights

Human rights are the universal rights such as access to education, water, food, health facilities and many others. When a state's institution do not provide basic necessities to the public they are considered a failed state.

## v) Gender Inequality

Gender Inequality is also directly linked to public institutions. If state has a no gender inequality it is considered a successful state; For example Finland, New Zealand are considered as successful states because they have achieved 80% of gender equality.

## vi) Political instability.

Political instability is very important for a state to run its smooth

\_ / \_ / 20\_

functions. If a state do not provide justice to its citizens then political stability become the result of that state. It is considered a big failure of public institution. Such as Pakistan.

### vii) Economic Prosperity;

If a country do not provide economic opportunities to its citizens it is considered that this state has failed ~~public~~ public institutions such as Ecuador.

### viii) Energy Crisis:

Energy crisis is also a result of failed public institutions when people do not access to energy to fulfill their basic needs. Countries like Pakistan where people are facing serious energy crisis.

## iv) Food Inflation:

Food inflation increases when demand of food increases. Public institutions are responsible to provide food access to its citizens.

Food inflation is very high in Venezuela, Ecuador, Sudan and in many other poor countries.

## x) Terrorism:

Terrorism is also considered a result of failed institutions.

For example 9/11 incident is considered a failure of CIA.

## 4 Way Forwards to improve the performance of state's public institutions.

- i) Promote the values of accountability in the state
- ii) Provide citizens the right to education, health facilities and other basic human rights
- iii) Employ those peoples who

are according to merit values.

- iii) Create awareness among public officials regarding the adverse impacts of failed institution.
- iv) Promote the culture of merit and eradicate corruption in the country.
- v) Provide cheap and quick justice to all the citizens.
- v) Protect the minority rights.

## 5 Conclusion:

Failed institutions become a failure of nation. State must take the above given measures to reduce the adverse impacts of failed institutions. So that a ~~state~~ state may become successful to give rights to its citizens.

# ANSWER Question No: 5

## Introduction:

Pakistan has been facing political ~~down~~ instability and detailed democracy since its inception in 14 Aug 1947. Pakistan could not experienced a mature and wise leader after the death of Quaid-e-Azam and PM Liaqat Ali Khan, Military intervention in 1958, 1969, 1977, 1999 shows that Pakistan has failed to experienced a political stability and full democracy in Pakistan. Therefore Pakistan is still struggling with the menace of terrorism, energy security, human rights violations and many other problems due to political instability.

## 2 Evolution of Political System and Democracy in Pakistan:

The following points shows the evolution of political system and democracy in Pakistan:

### 1) Era of (1947-1958)

After the independence of Pakistan, Quaid-e-Azam Muhammad Ali Jinnah became a Governor General of Pakistan and Liaquat Ali Khan became the Prime Minister of Pakistan. About 4 years later, he was assassinated in Liaquat Bagh. After Khawaja Nazim ud Din became PM of Pakistan. After the death of Liaquat Ali Khan Pakistan has never faced political instability in Pakistan.

However, Civil bureaucracy tried to interfere in the political

## system of Pakistan

### ii) Era of 1958-1969.

In this era, Pakistan experience martial law by General Ayub Khan. This was the first time when judiciary validated the martial law and ~~was~~ derailed the democracy of Pakistan. General Ayub defeated Fatima Jinnah and became the President of Pakistan. After that he transferred his power to General Yahya Khan.

### iii) Era 1969-1971

This is the dark era in the history of Pakistan.

General Ayub Khan transferred its power direct to General Yahya Khan which was unconstitutional and conducted first general election in the country.

East Pakistani Mujib ul Rehman

won the majority than Zulfikar Ali Bhutto. Resultant a tussle between power occurred between Bhutto and Mujeeb ur Rehman.

Therefore East Pakistan separated from Pakistan in 16 Dec 1971 and emerged as Bangladesh on the map of Pakistan.

#### v) Era of 1972 - 1977

In this era Zulfikar Ali Bhutto became the Prime Minister of Pakistan. Constitution of Pakistan was also created.

Zulfikar Ali Bhutto faced the problems of political instability in the country especially in Balochistan and KPK. However, General Zia ul Haq took his government and took the charge of government.

#### vi) Era of 1977 - 1989

In this era ~~Zulfikar~~ General

Zia ul Haq ruled Pakistan.

Zia ul Haq introduced Islamic laws in Pakistan and implement ban on political parties.

Therefore political workers of PPP and other parties did not take part in politics

~~1979~~, General Zia ul Haq also imposed Islamic laws in the country. He had to faced serious criticism by Feminist organizations.

vii) **Era of 1990 - 2000**

In this era, Political parties take part in politics but Pakistan experience political instability in this era too.

Nawaz Sharif and Benazir Bhutto had been terminated from the their position under the article 58-2B.

Any government had not completed its tenure.
