The practical Date: _ · Flourished econopy and Palcislair Page#: steps tare refluired Correlational between politics and the properties. leaders are there who make wise and efficient decisions which not only uplift the economy but also lead in the global Upolitics by the dint of streng and stable econom USA, China, Russia, Sauch Arabia, India and United Kingdem are the perfect example of that There are The states which have leading economies and they have the Ficant role in the world of Four and politics. On the basis stable political status, they are maleing new elenomic blocs like BRICS and India-Middle East Europe Economic Corridor and Belt Road Initiative (BRI) do, it is in despensible to separale politics Fren economy Palcislaw, since its inception been fexing political instability and Madership which has lack the economy of Palcistan. Almost all parliquentry governments had to leave governments with and confletion of lentire and it also experienced 30 years of military rule

Date:
Page#: late economy is
So, it is definite that economy is
So, it is définite mu lhe politics.
Political inslability becomes the cause
Political instability Decision making
ez economic instability. Decision making
of political leaders shape the economy.
Decision making of the political
leaders matters significantly for the
economy of the state Efficient
The stable and strong economy. India,
the immediate neighbour and historical
rival of Palcisten has become the
514- langest economy of the world. It has
massive industries due to their proper
economie plan by the politicones of
political stability since the partition
The brooks for
Allhough, Palcistan also got Freedow
an the same day but because of
lack of political leadership, it faced
enoumerity hurdles and obstacles in
The way of reconomic development.
So, the desision making by the
politicians shape and build the
le cononies
the case of doing
business is also affected due
li the political laymoil and instabi-
lity. Economy of the state always
depends Jup on the political statility.
It is also true that economic
developments reguires the ease of
