

# Outline

Topic : Would world be better if women ruled the world?

## 1- Introduction

Thesis Statement: Women ruling the world have both advantages and disadvantages, while challenges exist, embracing women in leadership would bring diversity in leadership styles, better productive economies and better communities. Thus, a more balanced approach is needed in which both men and women can contribute based on their qualification and skills.

2- Why women are important in the world?

3- How women will change the world?
