Q no 7

all educational degrees would prove futile or just piece of paper
All the degrees are going to become useless in next three years. The speed of advancement in technology and of ambition is so fast that our previous information, sources of information, curriculum and subjects are becoming useless. When all sorts of information is available on mobile screen, then still dominate the knowledge and action on thinking. It's alarming in coming days that those who have lost their sayings on myths, will unite their community on the official address and those students using internet / getting benefit from internet, a teacher how will teach in a small room.
