SVA
Sports play a vital role in the entertainment of masses historically. WW

It has a crucial role in the development of a peaceful and adhesive society. Sports is a vital requirement because man cannot survive in absence of any entertainment. As far as the effects of the sports on society are concerned, it has several

effects on society. A healthy body

SVA
needs a healthy mind which can be achieved through sports. It

protects young generation from

indulging in deviant activities

in society. It inculcates spirit and

tolerance and teamwork, helps in

socialization, provides healthy

entertainment, binds people together

and makes society more resistant. to?

However, some hurdles impede the

effectiveness of sports in society.

It includes decreasing trends of

outdoor sports, social media overuse, housing societies eating away grounds and deteriorating situation of law and order in society.

SP

Some persistent measures such as encouragement of youngsters for outdoor sports, arrangement of sports in schools and sports promotion on community level can enhance the effectiveness of the sports role in a healthy society. Thus, sports

SS

has a positive impacts on society which can be impeded through prevalent hurdles. Therefore, some persistent measures can be useful to use the sports effectively for the development of society.

As far as the impacts of the sports are concerned, sports has a positive affect on the physical

and mental health of people. As a sound body needs a sound mind, it enhance the importance of sports for people. Sports removes the anxiety, stress of an individual. It helps to accelerate the movement of blood in a body which improve the circulation of blood. It removes the waste material from the body. It makes the muscles strong. Overall, the physical and mental health of an individual can be improved. Therefore, it can be rightly said that sports affects the health of individuals in society.

In addition to health, it protects the youngsters from involving in deviant activities. Sports occupied the minds of

Rep

youngsters in fruitful activities which help to focus on their activities. This positive energy prevents the people from out of custom deeds.

It provides a pathway toward the development and maturity of an individual. The bodily energy is diverted to the positive part. For example, if any one has aggressive tendencies and he/she involves in sports such as football will divert or dilute the aggressive behavior of an individual. It shows that sports can divert youngsters from deviant deeds in society.

Along with ^{inculcation of} a useful work ~~by~~ of individual, sports inculcates the spirit of tolerance and teamwork in society. A sportsman has the tendency to tolerate hard

situation. For example in case of injuries or defeat, a sportsman has the ability to tolerate that situation with patience.

Sports also enhance the teamwork among individuals. In case of a difficult situation for a sportsman, all members work as a team which promises the success of a team. The teamwork spirit helps to involve the individual in the harsh conditions of society. The harsh conditions may be natural disasters or any other tough situation.

It shows that sports inculcates the discipline of tolerance and teamwork among individuals in society.

In addition to teamwork and tolerance, sports assist in socialization of people in society. Sports brings

Sentences

people of different caste, colour, ethnicity and religion together. It helps in learning the norms and values of the society. It limits the discrimination and brings the people together to each other. The socialization process adapt an individual to the norms and values of a society. For example, the players come close to each other which strengthen their similarities and diminish their differences. It shows that sports can brings the people together to each other.

Along with socialization, it provides healthy entertainment to society members. Sports relax the minds of individual and free it from boredom. It is healthy because have no effects on the eyes and

ww

mental health of individual like video games and other games on digital platforms. It provides the people with positive energy and remove all of the negative energies from individual's ^{people's} mind. Thus, sports can bring healthy entertainment to masses

Sports binds the participants of society. It facilitates the sense of cohesion and national solidarity. It brings together people with different backgrounds. For example, cricket match on national level brings national cohesion and solidarity among masses. Pakistani from all over the world support Cricket or any other sport. It shows that sports is helpful in bringing the and binding people together.

SVA

Along with cohesion, sports teaches resistance in bad situation. In unfavourable circumstances, the sportsman show courage, honesty and steadiness which helps to overcome the difficult situation. In case of such harsh conditions a sportsman survive with his/her inbuilt capabilities. It educates the sportsman to survive unfavourable and bad situation in society. Thus, sports can bring cohesion and binding among members of society.

Some hurdles impede the effectiveness of sports in society. It includes the increasing trends of video games and other digital media with decreasing trends of outdoor sports. People

now finds no time to play outdoor games. It deprive of people from the benefits of the outdoor games. This decreasing trends pose a serious threat to the effectiveness of ^{sports for} society.
