

Q.NO-1

Translation Into English

①

Any sort of noise that interrupts human life is called noise pollution. If the pollution is left unchecked, it can have serious impacts on the body and brain of humans and animals. In Pakistan, noise pollution is amongst the major causes of frustration and anxiety. Noise pollution has reached at alarming level in big cities. For example, according to the survey of the environment protection agency, noise pollution has reached at 91 dB in Lahore and the maximum bearable audible limit is 75dB. It means the mental and physical health of many people is already vulnerable.

(2)

Nature has kept a strange sense of optimism in human beings. He always finds new ways when he loses one, and when he loses that newly found path, he strives to find another one and this process continues, but he never gets disappointed. If nature has not made man optimistic, he may have died on first wave of despair.
