

Question no. 1TranslationPart A

Any kind of noise which disturbs human beings is called noise pollution.

If this pollution is left unchecked, it can have serious impacts on the body and brain of human beings and animals. In Pakistan, noise pollution is one of the major reasons of pain and sufferings. In urban areas, particularly in big cities, it has reached to the alarming level. For instance, in Lahore, the intensity of noise pollution has increased to 91 decibels, as per the survey of Punjab environmental protection survey's agency. However, at most only 75db is bearable. It means the mental and bodily health of most of the people are already at stake.

Part B

In human nature, the divine has put a unique mechanism of holding to the rope of hope. He finds opportunities in life one after another. He does this until he kicks the bucket. Maybe, if nature has not bestowed human being with rope of hope, he would have died of despair at his first failure.
