H) Conclusion

Election of 1945 played a significant role in shaping the political landscape and setting the stage for the partition of the Subcontinent. All-India Muslim League won the election in Muslim majority areas with the aim of Muslim separate nation. 1945 Elections were clear the hurdles in the way of Pakistan. Elections are the notable solution for many problems. Election ^{will be} held on 8 February, 2024 in the Pakistan. Majority of democratic parties participated in the elections. General Elections 2024 is ^{case} the mother solution of the multi-progned problems in Pakistan. In the result of elections, the most leading party shows its strengths and ~~made~~ ^{formed} interim government. The new ~~interim~~ government will be responsible for the decisions because ~~it~~ ^{they} had capacity and vote bank. The caretaker government has not legal powers to ~~make~~ ^{make} decisions. General Election, 2024 decide the future of economic policies and actions. Elections can reduce polarization and make political stable environment. New legislation can be made and new government reshaped ~~their~~ ^{the} foreign policy ~~th~~ according to its manifesto. New plans and action

1 can be create for the international institutions and to counter terrorism. The leading party has manifesto to made changes in National Finance Commission (NFC). New government look the matters with IMF. The Presidential election also held after general elections. Election must be held within 90 days, constitution says. Now, the Supreme Court of Pakistan issued decision of Elections. Election Commission of Pakistan steadfastly make preparation for the Elections like process of ^{filed the} nomination papers and request to Pakistan military to provide troops. However, there are also have some hurdles in the process of elections such as senate resolution and political leader Maulana Fazl ul Rehman Statement about elections. Hence, it is a line in stone that election will be held on February 8, 2024 after the decision of Supreme Court of Pakistan and this elections play significant role in the solution of many problems.

Firstly, general election in Pakistan will be held on February 8, 2024 as per Election Commission of Pakistan (ECP) schedule. This highly anticipated event will ^{be} elect the

members of the National Assembly. The general elections shaping the government and influencing the country's ^{make} for the next five years. All major parties, running ^{there} campaign for elections and show their future vision for Pakistan. From economic policies to social reforms, security concerns to environmental protections every vote will ^{be} carry hopes and aspiration. February 8th marks not just a day of voting, but a critical juncture in Pakistan's journey towards a brighter and more prosperous future.

Secondly, general elections are the instrument of public desire that solves many problems of Pakistan. The 8th February decide the future of Pakistan.

Along with, elections are the basic necessities for the economic prosperity and economic growth. The state required some critical ^{actions & policies} ~~and against~~ ^{to achieve} for achieving economic visions. The elected government can able to take decisions due to its vote power. National Economic Council (NEC) is a financial body of state that governed by Prime Minister and other stake

holders. NEC has vital role in economic decisions and they are formed ~~is~~ after the elections. ~~Ne~~ In Year 2024-25 budget will be present in June and only elected government has right to present and pass it from forums. The investors in market want elected government for collaboration. The investors are the key player of market. The caretaker government has no legal authority to take action and implement economic policies and plans. Elections are the lifeline for Pakistan economy.

As well as, elections ~~is~~ ^{are} the path of reduction of polarization which cause of unstable environment. Pakistani society faced ~~se~~ polarization in recent years. This high polarization is the main reason of political instability in Pakistan. For instance, Pakistani society divided by two political parties Muslim League N and Pakistan Tehreek-i-Insaf (PTI). These parties contradict to each other. After the formation of National Assembly and Provincial Assembly, parties politics bounded into parliament. This may lead the decrease of polarization in

in Pakistan. Therefore, elections can solve the problem of high polarization through parliament.

Furthermore, Pakistan has experienced political stability due to delays in elections. The elections are the flash light for many state matters. The political instability will be reduced through elections. The newly elected government proposed new appointments of bureaucrats. Now, the ban imposed on the new appointments of bureaucrats. After the elections, the elected cabinet will be formed that has power to ^{make} bring policies and actions. The elections ^{will} clear political foggy weather through 5 years mandate government.

Moreover, the elections is the most significant way of legislation. The newly elected parliamentarians which are the members of National Assembly that ^{make} ~~made~~ legislation. There are many areas that require comprehensive legislation such as economy, security, education, climate, governance and health care. These legislations can ^{make} ~~made~~ by upcoming government periods. Without national assembly legislation

can not happen. The elections set political order that are important for legislation.

Consequently, foreign policy matters seeking importance in few month.

The new democratic government will come with foreign policy manifesto.

The upcoming government has capable to reshaping foreign policy in the base of geo-politics and geo-economics.

For example, Muslim league N (PMLN) have experience to normalize relations with india. Every political party wants secure and portray Pakistan in better way globally.

Therefore, reshaping foreign policy in context of global order and geostrategic is crucial for political parties.

Although, elected government make some promises to nation to try better plans ^{for} international institutions, Pakistan's want relief from international institutions.

The next elected government will be responsible for ~~relief~~ ^{making} made strong plans for international institutions to ^{achieve the} secure relief.

For instance, Pakistani nation have desire to achieve relief.

from IMF. The elected government ^{come with this} ~~has~~ ~~have~~ burden of ~~the~~ commitment. Therefore, elections are played a role in the solution of these problems.

However, Pakistan recently faced resurgence of terrorism and elections demand increase due to this. The new interim government should take strong measures against terrorism. The upcoming government has full rights to secure Pakistani soil from terrorism.

The elected government has mandate to collaborate with Afghan government ^{the issue} on cross border terrorism. The caretaker government has not full capacity to take measures against TTP and BLA. In that situation, elections importance ^{has} increased day by day to elected government counter it.

Despite this, elections are most important due to review National Finance Commission (NFC). Majority of political parties wants to review the share formula of NFC award. For instance, PMLN and PTI both parties show their interest to review and ^{make} ~~made~~ new changes in NFC Award. These changes shaping equitable formula among provinces. Elections are key factor

to make changes in NFC award through elected federal and provincial governments.

Likewise, elections has direct impact on the matters of IMF. IMF mostly deal with elected government in Pakistan. Because of elected government has ^{ability} capable to meet the terms of IMF. The caretaker government also good response ~~to~~ ^{during} deal with IMF, but, elected government easily implement IMF terms. Elections ~~is~~ ^{are} must before next IMF program.

In the same way, president of Pakistan has complete their 5 year tenure. The new presidential ^{election} will be held after general elections. The general elections ~~made~~ ^{create} electoral college for presidential elections. The current president of Pakistan Arif Alvi continue their presidency until new elections. ~~of~~ ^{the} president. The general elections linked with presidential elections, so general elections are necessary.

Besides, According to Article 241 (2) of the constitution of Pakistan, a general elections for the Assembly must be held within the

Date: _____

Day: _____

period of 90 days after dissolution. This is the legal procedure which adopted by Election Commission of Pakistan (ECP). The ECP has responsible to conduct election within 90 days. For example, Election Commission of Pakistan (ECP) fulfill its Job in 2018 to conduct election within 90 days. The president of Pakistan also role in elections to announce date of elections. Hence, constitution of Pakistan ensures elections period.

Along with, the supreme court of Pakistan has consistently emphasized the importance of holding the elections on 8th February. Supreme court of Pakistan hear the case of Lahore high court about delayed the polls in December, 2023. The Supreme Court quashed a Lahore High Court decision and ordered the Election Commission of Pakistan to issue the poll schedule as per the February 8th timeline. They have emphasized the ECP's responsibility to address concerns and maintain the integrity of the polls. Therefore, elections on 8th February is an unalterable after decision.

1 of Supreme Court of Pakistan

In addition, Election Commission of Pakistan (ECP) is full prepared to perform their duty. ECP has aim to conduct elections on 8th February in every situation. In December 2023, election ECP has issued election schedule as per ruling of Supreme Court. ECP has completed the process of filed nomination process. A total of 25951 candidates filed nomination papers for the 336 National Assembly Seats. On other side, ECP send request to ministry of defense to provide military troops during polling process with aim of maintaining security. Corps commander conference emphasizes the ECP request. ~~Absence~~ ^{Absence} Election Commission preparation on the peak in the month of January 2024.

Lastly, the election environment has been created by political parties, but some hurdles ~~stop~~ creates new challenges. These hurdles has no significant role in election process. But, these obstacles spread chaos in the election environment. For example Pakistani Senate passed a non-binding resolution seeking a delay in the general elections. The

Security concern rises during election process mention in the resolution. The political leader Moulana Fazlur Rehman has supported Senate resolution which proposing a delay of general elections in Pakistan. Hence, elections will be held on 8th February ^{in the face of} beyond these challenges.

In a conclusion, elections is the way to participate in the democratic process. General elections 2024 of Pakistan are the solution of many problems. General elections will be held on 8th February, 2024 in the supervision of Supreme Court's decision. Many problems can be solved after elections. The economic stability and decrease in polarization seen after elections. Political stability will be ongoing after that. The new legislation, reshaping of foreign policy and plans for international institutions can address after elections. The new government takes strong measures against terrorism. Next government look after the IMF matters and NFC award. The presidential election also ^{will} be held after general elections. However, elections are unalterable after decision of supreme
