9- Conclusion

The world would be incomplete without women. They bring an irreplaceable essence, grace, and strength that enriches every aspect of life. Women are the embodiment of resilience, compassion, and nurturing. They have the power to inspire, create, and lead with their unique perspectives and abilities. From possessing an innate ability to nurture, empathise, and create connections that foster harmony and understanding. Women have been the driving force behind countless social and cultural advancements throughout history. It is not possible to imagine the world without the presence or inclusion of women. They bring a new life on this earth, this miraculous quality owned by women only. The kind behaviour and

soft nature made them caregivers and nurturers. Women are considered as the ones who gave education and wisdom to next generation.

As said by Brigham Young, "You educate a man; you educate a woman; you educate a generation" Not only this women introduced the world to the concepts of beauty and emotions. It does not mean women are fragile, they are multitaskers, they can be great leader, or financial adviser.

In short, life's wholeness depends on the inclusion of women. As they are important ingredient in the recipe of life, their rights should be respected.

The world is fundamentally incomplete without their presence and contribution.
