Eng Precis Test-1

Q. No. 1

Answer:-

Rough Draft

London is the only city, where people are welcomed according to their personal value. On the other hand, Manchester the capital of London plays a different role because their life style of living people is based on earning money which produces immoral activities. Moreover, their social life lies on only about their currency and their people does not know about the worth of a common man. Every man there works to use his sense with good manners. Their parliament impose strict laws for outsiders and there are residential people. One cannot work against their laws whether. Moreover, when an outsider in the country, when there are not used favouritism for outsider whether they are good traders or good men. In the country, there are not supported the wrong people who tries to buy the voter to use money. Besides, promotion of merits in all the provinces is very first priority of their government.

Precis

Title: Equality in the Societies of London

London is the only city country where people are welcomed according to their personal rights. Moreover, Manchester the capital of London plays an important role because there life style of there living people is based on earning as well as moral activities. Similarly, social life of there living people live on only there currency. Besides, there people achieve the highest rank of respect because there ^{equal} rights and values are promoted there for every man. Every man works there with very honesty and sympathy there. Furthermore, there government impose strict laws against both outsiders and there residents. Therefore, favouritism and nepotism are not used for everyone whether they are good merchants or good man. Similarly, in politics immoral activities are not used in politics there. However, people and visitors like the London for everything according to the promotion of equality.
