The concept of Akhirat given by Islam is that the day when good or or bad deeds of humans will be judged. Every question is a life after death. It is referred in Islam as 'Dax ul Jaza' and 'Dax ul Saza'.

وَمَا هَذِهِ الْحَيَاةُ الدُّنْيَا إِلَّا لُحْيٌ لِقَوْمٍ يَعْلَمُونَ
وَأَنَّ الدَّارَ الْآخِرَةَ خَيْرٌ لِّمَنْ فِيهَا الْعِبَادُ لَوْ كَانُوا يَعْلَمُونَ
This worldly life is no more than play and amusement. But the Hereafter is indeed the real life, if only they knew. (29:64).

Prophet (PBUH) once said, You have to die while you sleep and you have to get up as you awake.

Arguments from non believers

Plato says, "There is world of ideas higher world, world of existing things". There are two categories of believers, one who believe that the universe was formed by Big Bang theory and it will remain the same. There will be no end and if there is an end there is no concept of accountability of good or bad deeds. The other category believes that humans are now humans because they done good deeds in their former lives and those who have done bad deeds are now animals. But this seems illogical to believers.

Arguments from believers.

Believers are of the view that there will be a life after death and a day of judgement called 'Yawm al-Qiyamah'. On this day each soul will get justice even animals will be given power to claim any sort of injustice that they suffered from in this world. This day will decide the eternal life of every individual that whether he will go in heaven or hell. Every worship in Islam is ultimately linked to this belief. For instance, one performs worships and treat other fairly because

he knows that he will be held ~~accountable~~ for his deeds in Akhirat (hereafter).

Impacts on an Individual:

In the following ways, hereafter impact the life of an individual:

① Sense of Accountability

An individual avoids sins and bad practices b/c she has the sense of accountability.

② Spirit of sacrifice

A person happily sacrifices because he knows that this world will end ultimately, and he will be given reward of all his compromises.

③ Desire to do good

This creates a motivation in a believer's heart to do more and more good deeds in order to achieve highest rank in Jannah (eternal destination for good doers)

④ Optimistic look of life:

Believers do not assume this world as and its happinesses as their ultimate goal but considers it as a rest room where they are sent to please Allah (SWT).

Impacts on a Society!

The belief on Akhirat is an important source that protects society from being corrupt and employ it on right path.

① Harmony and peace

It unites people on a single platform and creates a peaceful environment where everyone is aware of his or her goal and tries to create a peaceful environment.

② Brotherhood and generosity

The sense of ultimate accountability unites Muslims and due to Islamic teaching he considers every Muslim as their brother and helps in to avoid bad practices.

Analysis

Allah SWT say in Qur'an,

فمن يعمل مثقال ذرة خيرا يره
• ومن يعمل مثقال ذرة شرا يره

"So whoever does an atom
weight of good will see it
And whoever does an atom
weight of evil will see it"

(99:7-8)

If this concept of Islam didn't exist
world would see more destructions
and devastating massacres. - and
world wouldn't have been in a
state that it is now.
