Q:01

Precis:-

Title:- London: A ^{0/5} Egalitarian Society

One of city in the world is that where everyone is treated according to their good or bad manners. The place is London where people is not by his property and money, because they have not concern with anyone wealth. Moreover, they just prioritize the personal worth because they not value the one's home, gifts or his political thoughts. Therefore, the people of this society have freedom of opinion and thoughts, there is no one to criticized (by the others) them. They ^{were} just prefer to be by yourself rather than with others.
