MOCK .

Q2 PRECIS .

Title: Building Human Character is most Important.

Ans. Building human character is crucial so that individual must know human values. Just like Chinese decided to make Great wall of China so that they can live in peace but what happened; they were invaded 3 time. Chinese spent all of their resources in building the great wall, they did not train their soldiers to avoid bribery for the security of a nation. It is important to work on human character, As an Orientalist told three ways can destroy civilization of a nation: firstly, destroying family, secondly, destroying education system, thirdly do not respect role models. If these three ways are adopted nation would be destroyed. Priority of a nation should be teaching "Human Values" to young nation, not rewarding actors and singers of a nation which main contributors sit in back row.
