Precis Passage:

Chinese constructed Great Wall of China with a aim that no one will climb it, but enemies had no need to invade the wall rather they were backhanded by corrupt guards. However Chinese spend a lot on constructing wall but didn't focused on building character, which was more important and undoubtedly, should be prioritized in today's generation. As an Orientalist said that it is very easy to destroy civilization; by destroying family structure, as when mother's lost, no one will teach them. Likewise destroy education system and devalue role models to lose scientists and scholars. consequently, no one will teach "human values" to young people when such assets were lost. Hence a civilization who prioritize entertainers over ethics have no more stable standing over ethics have no more stable
