own interest. many peoples get fame. through media they are ^{generating} ~~making~~ a good amount of money. many institutions and technical training centers are ~~even~~ sending their knowledge to their student. media has both positive and negative role as well media is also used in positive and negative, ~~many~~ manners. media has only one thing to do that is rating for news-channels and readers for news-papers. "media as a political tool that can lift any person to sties and fall to the depth within hours" says Andrew Korabyko, an American political activist. media has various form, it can be in form of print media or digital media. media can make and abolish any political agenda. Going to the positive side media has used for the following purposes as a political instrument. creating a plebible environment, preserving democracy and ~~best~~ fetching economic opportunities for a country. media is also used as a political instrument for degrading the political faces. it is also used for hiding the reality, diverting the minds. In addition, media has the ability to shake the democracy. Hence media is a two edge sword for political system. The aim of this essay in the next paragraphs would be justify media as an instrument of politics in either ways.

Media is being used as a powerful tool by various peoples and organizations to blasphemy to take personal revenge. According to the center for research and security studies (CRSS) in a report stated that 89 citizens were killed in 1415 accusations and cases of blasphemy in the country since independence. The report says that from 1947 to 2017, 18 women and 71 ~~women~~ were killed over blasphemy accusations. The

The case study of Mashal Khan who was student of Abdul Wali Khan University Mardan Pakistan, who was killed by angry mob in the premises of the university on 13 April 2017 over allegation of blasphemous contents posting online. Following the investigation the inspector general police later stated "we did not find any concrete evidence under which legal action take against Mashal Khan." ~~And~~ Mashal's friend Abdullah stated to the police in writing that they both were devout Muslims, but were actively denouncing mismanagement by the university and has led many protests. 61 suspects were identified in this case one culprit was awarded death penalty five were awarded life imprisonment and 25 culprits were awarded four year ~~in~~ jail imprisonment. 26 suspects were acquitted because of no evidence. Later on the more culprits were awarded life imprisonment by Anti terrorism court. Mashal's family speaking to media

In 2019 claimed that he was satisfied with Anti-Terrorism Court.

Social media is widely used nowadays by various organizations and governments to divert the mind of young generation. As America is spreading false informations about the muslim community of Palestine that the muslim of Palestine are Terrorists and it is their responsibility to make clean the universe from terrorists. In this way they are diverting their minds from reality.

Another ~~same~~ case study is the Harvard University ~~where~~ on 24 May 2024 where hundreds of students in graduation robes walk out of the Harvard commencement on Thursday chanting "Free, Free Palestine" after weeks of protests on campus and a day after the school announced that 13 Harvard students who participated in a protest would not be able to receive diplomas alongside their classmates.

The young generation of Pakistan is moving away from Islam and ~~the~~ Islamic heroes as well as national heroes. Some family vlogger and social media influencers diverted their mind. The youth is running behind their false statement and information and false expressions and words which they

are using in their vlog videos. For example a cringe singer named Chauhan Faiz Ali Khan whose song video recently shooted with an actress the song name entitled "Bado Baddi" has got 20 million views on youtube. The song has wrong lyrics and no standards instead it got 20 million views from this we can predict about the future of our young generation ~~which~~ and ofcourse it is an alarming situation for us but unfortunately who cares. we by ourselves provided mobile phones to our young generation and their access to social media. and we are unaware that what they are doing and informations they are getting from the media.
